#BuffaloIrishArts

The Irish of America are renowned for their artistic genius. Indeed, in many fields of endeavour it's the artists of Irish America who are leading the way. And it's not just that Irish America has nurtured some of our greatest talents – from John Gregory Dunne and Alice McDermott in letters to Anjelica Huston and John Cusack in film and from the late, great duo Dennis Cahill and Mick Moloney in music to Michael Flatley and Darrah Carr in dance - but that the cream of the Emerald Isle's artists dream to perform in the US.

The Irish Echo Arts Awards are a unique ceremony born from a desire to salute Irish America's cultural champions.

During Covid, our awards moved online and raised a glass to the actors and writers, poets and playwrights who kept our spirits high in the hardest of times.

But now we are stepping out lightly with an in-person event in the city which is bold enough to declare itself the Capital of Irish America: Buffalo, New York.

Join us for this exciting and unique celebration of Irish America's artists in Buffalo on Friday 28 April 2023.

Our accommodation partner is the Five-Star Curtiss Hotel in Buffalo. To avail of our special discounted rate of \$220 (plus taxes) for overnight stay on 28 April, please call the hotel on 716.954.4900 and ask for the Irish Arts Awards Room Block.

Senator Tim Kennedy

Since being sworn into office in January 2011, Senator Tim Kennedy has fought to ensure Western New York sees its fair share of funding and state resources. In March 2019, three months after being named Chair of the Senate Transportation Committee, Tim delivered an unprecedented \$100 million for the Niagara Frontier Transportation Authority (NFTA) to fund a five year capital plan for maintenance and improvements of the Metro Rail.

In his role as Chair, Tim has set an aggressive agenda. He sponsored legislation to allow municipalities to install cameras on school buses, in order to more effectively catch drivers who break the law and jeopardize student safety by passing stopped buses. He also spearheaded a package comprehensive limo safety reforms, in order to strengthen the industry standards and better protect New Yorkers who use alternative transportation. Tim drafted these reforms alongside the families of victims involved in limo crashes in Schoharie and Cutchogue. Both houses have passed these transportation priorities, and the Governor quickly signed them into law.

Honorary Chairs 2023

Throughout his time in office, Tim has kept a strong focus on protecting the most vulnerable in our community. He spearheaded the passage of Jay-J's law, legislation that stiffens penalties for repeat child abusers. The legislation was inspired by Jay-J Bolvin, a young boy who was brutally abused by his father. Sadly, Jay-J's father received a light sentence due to antiquated sentencing laws, but through Tim's advocacy, these penalties were strengthened. Tim also penned Jackie's Law, which protects victims of domestic violence from GPS stalking, and was signed into law in 2014.

Tim knows the importance of growing and protecting Western New York's workforce, which is why he was a supporter of the creation of the Northland Workforce Center on Buffalo's East Side. He actively works to connect Western New Yorkers with job opportunities, whether through his jobs website, Kennedy Jobs File, or through his annual Queen City Job Fair, which draws hundreds of employers and job seekers every year. While he regularly works one-on-one with companies to establish roots in Buffalo, he strongly believes in preserving the city's past. He led the call for \$5 million of the Buffalo Billion funding to be dedicated towards the reuse and restructuring of Buffalo's iconic Central Terminal, and helped to bring the Buffalo Philharmonic Orchestra to the Terminal for a full day East Side Festival, offering a free concert to thousands of Western New Yorkers.

Tim is a lifelong Western New York resident. He grew up in a blue-collar family in Buffalo, where his parents, Marty and Mary Kennedy, raised Tim and his four siblings to work hard, focus on their education, help their neighbors, and get involved in their community. Tim attended St. Joseph's Collegiate Institute before going on to earn his bachelor's and master's degrees in occupational therapy at D'Youville College. For 11 years, Tim worked with geriatric and pediatric populations to help them recover from injuries and fully participate in all life situations. As a licensed occupational therapist, Tim has spent his entire career working to help people.

Tim and his wife, Katie, live in the City of Buffalo where they are raising their three children, Connor, Eireann, and Padraic.

Honorary Chairs 2023

Kathleen Sullivan

Growing up in an Irish family in South Buffalo, Kathleen was introduced to Irish heritage at a young age. Kathleen's parents enrolled her in Irish dancing when she was 4 – and her sisters followed. This experience not only left her with some of her fondest friendships and memories, but it started a life-long love and appreciation for the rich history, traditions, and music of Ireland. Her daughter, Grace, also carried on this tradition as an Irish Dancer with Rince Na Tiarna, and has now started performing both the American and Irish national anthems at local events – including at the upcoming 2023 Irish American Arts and Culture Awards event! In 2020, Kathleen was chosen as one of the Irish Echo 40 Under 40 Award recipients. She also volunteers her time as the President of South Buffalo Roots, a nonprofit organization dedicated to the promotion of Irish culture and heritage associated with South Buffalo and the promotion and maintenance of public spaces that help define that community. Kathleen and the other dedicated individuals on the committee organize and run the South Buffalo Irish Festival which has become one of the paramount local traditions along with South Buffalo Porchfest and the Music In The Park Summer Series. The South Buffalo Irish Festival has become one of the largest free music festivals in Western New York and focuses its attention on sharing Irish music and culture with thousands each year. South Buffalo Roots not only runs this festival but is involved throughout the year giving back to the community and its people, promoting continuous improvement and growth. In addition to South Buffalo Roots, you will often see Kathleen involved in her community and school community. As a former college runner, she enjoys coaching the 5-8th grade boys and girls cross country team at her children's school, Notre Dame Academy, and also co-organizes the league. Kathleen graduated from Ithaca College in 2002 with a BS in Television-Radio and minors in Sports Studies and Politics. Although she has had jobs in all three areas, she has been in pharmaceutical sales for 19 years. She is currently an Executive Sales Representative with Lilly USA in the Diabetes Business Unit and is the owner of Hometown Grace.
